UPCOMING WEBINARS

Latest Technology to Prevent Mud Pumping Failure in Railway Tracks and the Application of Geosynthetics to Reduce the Fluidisation Potential of Soft Soils (October 28, 2021)
https://us06web.zoom.us/webinar/register/WN_eJPv6E0fQVijsUzi2PPWow

Geosynthetic Institute (GSI) Sponsor a Webinar, "Geotextile Filters: Concerns and Issues," (November 10, 2021)
https://geosyntheticsmagazine.com/2021/10/20/gsi-to-host-webinar-on-geotextile-filters-3/

Use of Geomembranes in CCR Landfills and Impoundments (November 12, 2021)
https://register.gotowebinar.com/register/8396622620673874 07

Webinar Q & A Transcript: Scourlok™ and Pyrawall™ Engineered Bank Stabilisation (Available Now)
https://globalsynthetics.com.au/webinar-q-a-transcript-scourlok-and-pyrawall-engineered-bank-stabilisation/

GCCMs

Jaybro Debuts Tiltex 40MPa GCCM Concrete Fabric for Geosynthetic Solutions
https://www.jaybro.com.au/productpdf/download/file/id/87197/name/Tiltex-Geotextile-2C-Composite-40mpa-Concrete-Fabric.pdf/

Announcing The Only GCCM Manufacturer to Achieve CE European Quality Assurance Certification
https://www.tiltexaustralia.com.au/3rd-party-testing

GEOTEXTILE TUBES

Geotextile Tube Erosion-Control Strategy Comes Under Fire
https://www.ack.net/stories/town-erosion-control-strategy-comes-under-fire,26424?

Beneficial Use of Material Bringing Dredging Back with 60 metre Long Geotextile Bags
The $6.3 million state project will create a channel at least 6 feet deep at low tide out to the Intracoastal Waterway and about 70,000 cubic yards of material will be put into 200 foot long geotextile bags to dewater it.
https://pressofatlanticcity.com/opinion/editorial/beneficial-use-of-material-bringing-dredging-back/article-8e9105d4-3033-11ec-b1c0-db566803a4e1.html

GEOSYNTHETIC DIGITAL MARKETING
How to Get Noticed by More Than 40,000 People in the Geosynthetic Space Across the Globe
GNA reaches over 40,000 people each month and this high level of audience engagement comes from years of creating content that matters to the geosynthetic industry.
We provide the industry's most reliable and current information and have the trust and attention of the leaders and decision-makers.
Not only can we help you get in front of our highly engaged audience, but we also have a number of channels you can use to target your message – as well as the subject matter experts to put it all together.
https://www.youtube.com/watch?v=QCkE3q3sHPg

Why Read GNA?
Understand what is happening in the geosynthetics industry, with analysis of emerging trends & products, with market data and key contacts,
Receive updated information on geosynthetic trends and topics
Get thousands of key contacts in managerial and operational roles by the click of a button!
https://www.youtube.com/watch?v=QCkE3q3sHPg

Do You Have Any Geosynthetics Industry News? – Get in Touch
https://www.excelplas.com/contact-us/

Want More GNA?
https://www.geosyntheticnews.com.au/

Stay Up to Date with the Latest Geosynthetic News by Signing Up for the GNA Newsletter!
https://www.geosyntheticnews.com.au/subscribe/

• GNA now has +30,000 views per month
• Articles published on GNA get thousands of views and are distributed widely through 3rd Party Affiliates
• GNA is now the most read source of Breaking News on Geosynthetics Worldwide
• Since GNA is published up to 12 times per month, no other source of Geosynthetic Industry News comes close to being as current and up-to-date
• In 2017 we have increased readership by 10,000+ through India, Africa, and Asia
• Special Advertising Packages Available for Geosynthetic Manufacturers, Installers, and Service Providers.

ExcelPlas Geosynthetics Testing Expands Geosynthetic Testing Offerings
ExcelPlas now performs more than 120 standard geosynthetic tests in accordance with relevant ASTM, GRI, and ISO standards.
We have extensive experience with all types of geosynthetics - from geomembranes (HDPE, LLDPE, fPP), geotextiles to geonets, geogrids, geocomposites, and geosynthetic clay liners (GCLs).
As a Nationally Accredited Testing Laboratory, our technicians, equipment, and quality system are monitored regularly for proficiency and compliance assuring that you can count on quality results every time.

Geosynthetic News Alerts - Your Global Source of Geosynthetic News and Technology. Current and Updated!
http://www.geosyntheticnews.com.au

Among GNA's objectives are:

- To promote and educate on the development of specifications and practices that help

ensure the proper use of geosynthetics.
- To locate, interpret and disseminate new scientific research to manufacturers and users of geosynthetic materials.
- To enhance the knowledge and awareness of contemporary geosynthetic technologies amongst specifiers, users, and installers.

GNA – World's Leading Source of Breaking News on Geomembranes, Geotextiles, and other Geosynthetics

This Newsletter is brought to you by ExcelPlas Labs Australia's Largest group of Geosynthetics Testing Labs.
http://www.excelplas.com/

GNA is currently sent to over 7500 Geosynthetic Industry Members Globally every week.
Any news requests should be sent to john@excelplas.com
