November 2020 Vol. 1

Author : GNA

GNA - The Most Widely Read Online Geosynthetics Publication
Reaching more Players in the Geosynthetic Industry

Stay on Top of All Competitive Threats, Changes, and Trends Within Defined Geosynthetic Market Segment
GNA Offering Geosynthetic Market Intelligence Reports Using Augmented Analytics (NEW)
Report rich with competitor and customer data on your specific products and/or services

LANDFILL LINERS

Performance Issues of Barrier Systems for Landfills: A Review
https://www.sciencedirect.com/science/article/abs/pii/S0266114420301242

Analytical Model for Coupled Consolidation and Diffusion of Organic Contaminant Transport in Triple Landfill Liners
https://www.sciencedirect.com/science/article/abs/pii/S0266114420301278

PERFORATED & SLOTTED PIPE SPECIALISTS – Servicing Most Pipe Materials, Both Small & Large Project Lots, Competitive Rates
https://pipeslotting.com.au/

Laboratory Testing and Numerical Modelling of Geomembrane Electrical Leak Detection Surveys
https://www.icevirtuallibrary.com/doi/abs/10.1680/jgein.20.00012

GEOMEMBRANES

Application of PVC Geomembrane on the Dam of Concrete Face in a Certain Hydropower Station Project
https://www.e3s-conferences.org/articles/e3sconf/pdf/2020/58/e3sconf_isceg2020_01054.pdf

Dynamic Shear Behaviour of Textured Geomembrane/Nonwoven Geotextile Interface Under Cyclic Loading
https://www.sciencedirect.com/science/article/abs/pii/S0266114420301187

GEOTEXTILES

Comparison of Bio-clogging Characteristics of Geotextiles in MSW and Bottom Ash Co-disposal Landfills
https://www.sciencedirect.com/science/article/abs/pii/S0956053X2030564X

Bio-clogging Mitigation in the Leachate Collection System of Municipal Solid Waste Landfill Using Graphene Oxide-coated Geotextiles
https://www.sciencedirect.com/science/article/abs/pii/S0045653520329775

China Making Large Advances in Smart Geotextiles
https://www.sciencedirect.com/science/article/abs/pii/S0045653520329775

Mechanical and Osmotic Consolidation of GCLs
https://www.x-mol.com/paper/1322300588766236672

GEOGRIDS

Huesker Presents VideoCast on Finite Element Modelling of Geosynthetic Reinforced Structures
https://www.youtube.com/watch?v=7krKIUzxYno

GEOTEXTILE TUBES

Geotextile Tubes for Erosion Control on Bluff
https://www.ack.net/news/20201029/select-board-discusses-sbpf-deal-for-erosion-control-expansion-on-sconset-bluff

COMPANY NEWS

Siamak Paulson has joined ADE Consulting Group as their Business Unit Leader and Principal Geotechnical Engineer
ADE is a leading provider of environmental, geotechnical, and occupational hygiene services with over 20 years' experience providing clients with practical solutions through the successful integration of industry experience, innovative practices and technical excellence. We aim to not only solve problems, but provide proactive, site-specific and practical recommendations, ensuring our clients meet their desired objectives in a cost-effective manner.
ADE prides itself on having a fast turnaround of reports. Our professional, qualified and experienced staff are supported by an in-house National Association of Testing Authority (NATA) accredited laboratories (geotechnical and chemical) offering 24 hour, 7 days a week service.

Stay Up to Date with the Latest Geosynthetic News by Signing Up for the GNA Newsletter!
https://www.geosyntheticnews.com.au/subscribe/

• GNA now has +30,000 views per month
• Articles published on GNA get thousands of views and are distributed widely through 3rd Party Affiliates
• GNA is now the most read source of Breaking News on Geosynthetics Worldwide
• Since GNA is published up to 12 times per month, no other source of Geosynthetic Industry News comes close to being as current and up-to-date
• In 2017 we have increased readership by 10,000+ though India, Africa and Asia
• Special Advertising Packages Available for Geosynthetic Manufacturers, Installers, and Service Providers.

ExcelPlas Geosynthetics Testing Expands Geosynthetic Testing Offerings
ExcelPlas now performs more than 120 standard geosynthetic tests in accordance with relevant ASTM, GRI and ISO standards.
We have extensive experience with all types of geosynthetics - from geomembranes (HDPE, LLDPE, fPP), geotextiles to geonets, geogrids, geocomposites and and geosynthetic clay liners (GCLs).
As a Nationally Accredited Testing Laboratory, our technicians, equipment and quality system are monitored regularly for proficiency and compliance assuring that you can count on quality results every time.

Geosynthetic News Alerts - Your Global Source of Geosynthetic News and Technology. Current and Updated!
http://www.geosyntheticnews.com.au

Among GNA's objectives are:

- To promote and educate on the development of specifications and practices that help ensure the proper use of geosynthetics.
- To locate, interpret and disseminate new scientific research to manufacturers and users of geosynthetic materials.
- To enhance the knowledge and awareness of contemporary geosynthetic technologies amongst specifiers, users and installers.

GNA – World’s Leading Source of Breaking News on Geomembranes, Geotextiles and other Geosynthetics

This Newsletter is brought to you by ExcelPlas Labs Australia’s Largest group of Geosynthetics Testing Labs.
http://www.excelplas.com/

GNA is currently sent to over 7500 Geosynthetic Industry Members Globally every week.
Any news requests should be sent to john@excelplas.com
