NEW JOBS

Canadian Erosion and Containment is Looking to Add Experienced Geomembrane Installation Technicians to their Team
https://www.ziprecruiter.com/c/Canadian-Erosion-and-Containment-Ltd/Job/Liner-Technician-(FT)/-in-Calgary,AB?jid=165d8880cf8074e4

Global Synthetics Pty Ltd, a Subsidiary of Jaybro Group Pty Ltd Seeking a Business Development Manager
https://apply.workable.com/global-synthetics-pty-ltd/j/313FDF4BB3/

TALIS Seeking Senior/Principal Waste Engineer for:

- Basal lining systems design;
- Design of Leachate, gas and surface water management systems;
- Design Closure and capping systems;

https://www.seek.com.au/job/68109605?type=standout#sol=d406ca309347112e10cbbc06e2f32fd165da3be4

Textiles Coated International (TCI) Seeking Geomembrane Sales Engineer (Starting at US$125,000)
https://www.simplyhired.com/job/JZwQUi2QyS_UePiQi0D4PyXUWsg5AdDHndxP5d1Hg_8fUTDdO_L4HQ

WSP Seeking SENIOR ASSOCIATE ENGINEER - GEO-ENVIRONMENT (Salary up to $155k based on similar jobs)
The candidate must have civil/environmental/geotechnical design experience related to the management of subsurface environmental risks and in related areas such as geosynthetics, embankments and earthworks, and surface water management.

GEOSYNTHETIC DIGITAL MARKETING

Essential Look into Global Geosynthetic Developments with the Weekly GNA Newsletter
GNA connects engineers, regulators, facility owners, and other stakeholders around the world to its readers and advertising participants.
GNA's global audience of tens of thousands of subscribers includes civil engineers, regulators, contractors, geosynthetic installers, CQA professionals, and facility owners involved with geotechnical applications.
GNA is a digital news communications and technology platform focused on digital publishing and delivering breaking geosynthetics news relevant to environmental engineering for the geotechnical and geo-environmental community.
Be in the know with an essential look into global geosynthetic developments with our weekly GNA newsletter.
https://www.geosyntheticnews.com.au/

How to Get Noticed by More Than 48,000 People in the Geosynthetic Space Across the Globe
GNA reaches over 48,000 people each month and this high level of audience engagement comes from years of creating content that matters to the geosynthetic industry.
We provide the industry's most reliable and current information and have the trust and attention of the leaders and decision-makers.
Not only can we help you get in front of our highly engaged audience, but we also have a number of channels you can use to target your message – as well as the subject matter experts to put it all together.

Stay Up to Date with the Latest Geosynthetic News by Signing Up for the GNA Newsletter!
https://www.geosyntheticnews.com.au/subscribe/

• GNA now has +30,000 views per month
• Articles published on GNA get thousands of views and are distributed widely through 3rd Party Affiliates
• GNA is now the most read source of Breaking News on Geosynthetics Worldwide
• Since GNA is published up to 12 times per month, no other source of Geosynthetic Industry News comes close to being as current and up-to-date
• In 2017 we have increased readership by 10,000+ through India, Africa, and Asia
• Special Advertising Packages Available for Geosynthetic Manufacturers, Installers, and Service Providers.

ExcelPlas Geosynthetics Testing Expands Geosynthetic Testing Offerings
ExcelPlas now performs more than 120 standard geosynthetic tests in accordance with relevant ASTM, GRI, and ISO standards.
We have extensive experience with all types of geosynthetics - from geomembranes (HDPE, LLDPE, fPP), geotextiles to geonets, geogrids, geocomposites, and geosynthetic clay liners (GCLs).
As a Nationally Accredited Testing Laboratory, our technicians, equipment, and quality system are monitored regularly for proficiency and compliance assuring that you can count on quality results every time.

Geosynthetic News Alerts - Your Global Source of Geosynthetic News and Technology. Current and Updated!
http://www.geosyntheticnews.com.au

Among GNA's objectives are:

- To promote and educate on the development of specifications and practices that help ensure the proper use of geosynthetics.
- To locate, interpret and disseminate new scientific research to manufacturers and users

of geosynthetic materials.
- To enhance the knowledge and awareness of contemporary geosynthetic technologies amongst specifiers, users, and installers.

GNA – World's Leading Source of Breaking News on Geomembranes, Geotextiles, and other Geosynthetics

This Newsletter is brought to you by ExcelPlas Labs Australia's Largest group of Geosynthetics Testing Labs.
http://www.excelplas.com/

GNA is currently sent to over 7500 Geosynthetic Industry Members Globally every week.
Any news requests should be sent to john@excelplas.com
