GNA - Your Leading Source for Geosynthetics Industry News (Current, Topical, and Direct)

Aeramix Launch New Website for Structural Protection
http://www.structuralprotection.com.au

Seeking Engineer for Design and spec of landfill cell, cap, leachate pond, sidewall liner work (Melbourne)
https://www.seek.com.au/job/34437258

Dulverton Waste Management, Tasmanian Consulting Service invites tenders for the construction of the Stage B1 Landfill Cell Liner
https://www.australiantenders.com.au/tenders/state/Tasmania/

Study and development of an innovative adhesive anchored external waterstop for the waterproofing of joints in concrete face rockfill dams
https://www.politesi.polimi.it/handle/10589/134965

Leachate breakthrough mechanism and key pollutant indicator of municipal solid waste landfill barrier systems:
https://www.ncbi.nlm.nih.gov/pubmed/28892856

Effect of temperature on geosynthetic rutting performance in asphalt pavement
http://www.tandfonline.com/doi/abs/10.1080/10916466.2017.1305400

Centrifuge modeling of the geotextile reinforced slope subject to drawdown
http://www.sciencedirect.com/science/article/pii/S0266114417301334

Strength characteristics of soilbags under inclined loads
http://www.sciencedirect.com/science/article/pii/S0266114417301346

Application of geosynthetics for reinforcement of flood protection embankments
http://bib.irb.hr/prikazi-rad?rad=890865

ExcelPlas Geosynthetics Testing Expands Geosynthetic Testing Offerings (Lab News)
ExcelPlas now performs more than 120 standard geosynthetic tests in accordance with relevant ASTM, GRI and ISO standards.
We have extensive experience with all types of geosynthetics - from geomembranes (HDPE, LLDPE, fPP), geotextiles to geonets, geogrids, geocomposites and and geosynthetic clay liners (GCLs).
As a Nationally Accredited Testing Laboratory our technicians, equipment and quality system

are monitored regularly for proficiency and compliance assuring that you can count on quality results every time.

? Geosynthetic News Alerts - Your Global Source of Geosynthetic News and Technology. Current and Updated!
http://www.geosyntheticnews.com.au

Among GNA's objectives are:

- To promote and educate on the development of specifications and practices that help ensure the proper use of geosynthetics.
- To locate, interpret and disseminate new scientific research to manufacturers and users of geosynthetic materials.
- To enhance the knowledge and awareness of contemporary geosynthetic technologies amongst specifiers, users and installers.

? GNA – World's Leading Source of Breaking News on Geomembranes, Geotextiles and other Geosynthetics

This Newsletter is brought to you by ExcelPlas Labs ? Australia's Largest group of Geosynthetics Testing Labs.
http://www.excelplas.com/

ExcelPlas Geosynthetic Labs ? **are a Corporate Member of the IGS (International Geosynthetics Society)**
http://www.geosyntheticssociety.org/corporate/company_details/12193/

GNA is currently sent to over 7500 Geosynthetic Industry Members Globally every week.

Any news requests should be sent to john@excelplas.com
