

March 2021 Vol. 8

Author : GNA

GNA - The Most Widely Read Online Geosynthetics Publication *Reaching more Players in the Geosynthetic Industry*

NEWSMAKERS: * AquaBlok * Bob Koerner * ExcelPlas * FGI * GEI Consultants * George Korner * GEOSTRATA * GNA * Geo-Logic * GSI * GRI * Layfield * PFAS * Solmax * TenCate * Tensar * WSP

BREAKING NEWS

Layfield Announce Canadian Distribution Agreement with Tensar

<https://www.layfieldgroup.com/Environmental-Containment/About-Us/News/Layfield-is-thrilled-to-announce-our-new-Canadian-distributorship-agreement-with-Tensar-Internationa.aspx>

AquaBlok Develop RemBind™ Product as a PFAS Remediation Solution

<https://www.prweb.com/releases/longevity-of-pfas-immobilization-in-soil-by-rembind-documented-in-two-newly-published-studies/prweb17800039.htm>

Geosynthetics Sector Facing ‘Very Serious’ Supply Issues

Delays in delivery, allocations, force majeure measures have come at the worst possible time
<https://www.plasticstoday.com/resin-pricing/weekly-resin-report-supply-shortages-and-soaring-prices-put-processors-edge>

GEOSTRATA Extra with George Koerner - S02 E02 - Geosynthetics for the Common Good

https://www.youtube.com/watch?v=GB_iqXpezhk

WSP Publish Corporate Presentation After Completion of the Golder Acquisition (Now 47,000 Employees)

<https://www.wsp.com/-/media/Investors/GL/document/others/IR-presentation.pdf>

INDUSTRY NEWS

Solmax Geomembrane Used for Phosphate Tailings Pond in Saudi Arabia for SABIC

CONSULTANT'S CORNER

John Trast is a Senior Consultant with GEI Specializing in Geotechnical Engineering, Solid Waste Management, Dredging, Dewatering and Geosynthetics

His experience includes permitting, design, construction, operation and closure of waste disposal facilities, contaminated sediment dredging, dewatering and disposal, remediation containment systems for source control including final covers and barrier walls.

DIGITAL MARKETING

Why Advertise with GNA?

- GNA is the most published geosynthetics-focussed news platform worldwide and continues to lead and inform the geosynthetics industry on the latest in geosynthetic technologies, innovations, and market trends.
- Increase your engagement levels with our global geosynthetic audience – positioning your brand as a thought leader within the industry.
- Exposure on the no.1 ranked geosynthetics industry news website in terms of unique visitors delivering measurable and reportable results in the form of hard leads with fellow industry experts opening communication channels that were not available to your business beforehand.

Our Network

- GNA delivers highly targeted and cost-effective sales leads with a range of options to suit all budgets and needs.
- Content Marketing Team – GNA with our clients from strategy through to production and distribution, promoting your geosynthetic solutions accompanied by industrial insight from our team to deliver measurable tangible results.

<https://www.youtube.com/watch?v=QCkE3q3sHPg>

GNA Now Offering Digital Marketing Packages

- Easily create, manage and post your news to a targeted global audience.
- Generate webinar and podcast links so your attendees can quickly save the date.
- Get real-time insights on how your marketing campaigns are performing.
- Effortlessly reach practically all the players in the geosynthetic industry worldwide with one click.

Stay Up to Date with the Latest Geosynthetic News by Signing Up for the GNA Newsletter!

<https://www.geosyntheticnews.com.au/subscribe/>

- GNA now has +30,000 views per month
- Articles published on GNA get thousands of views and are distributed widely through 3rd Party Affiliates
- GNA is now the most read source of Breaking News on Geosynthetics Worldwide
- Since GNA is published up to 12 times per month, no other source of Geosynthetic Industry News comes close to being as current and up-to-date
- In 2017 we have increased readership by 10,000+ through India, Africa, and Asia
- Special Advertising Packages Available for Geosynthetic Manufacturers, Installers, and Service Providers.

ExcelPlas Geosynthetics Testing Expands Geosynthetic Testing Offerings

ExcelPlas now performs more than 120 standard geosynthetic tests in accordance with relevant ASTM, GRI, and ISO standards.

We have extensive experience with all types of geosynthetics - from geomembranes (HDPE, LLDPE, fPP), geotextiles to geonets, geogrids, geocomposites, and geosynthetic clay liners (GCLs).

As a Nationally Accredited Testing Laboratory, our technicians, equipment, and quality system are monitored regularly for proficiency and compliance assuring that you can count on quality results every time.

Geosynthetic News Alerts - Your Global Source of Geosynthetic News and Technology. Current and Updated!

<http://www.geosyntheticnews.com.au>

Among GNA's objectives are:

- To promote and educate on the development of specifications and practices that help ensure the proper use of geosynthetics.
- To locate, interpret and disseminate new scientific research to manufacturers and users of geosynthetic materials.
- To enhance the knowledge and awareness of contemporary geosynthetic technologies amongst specifiers, users, and installers.

GNA – World's Leading Source of Breaking News on Geomembranes, Geotextiles, and other Geosynthetics

This Newsletter is brought to you by ExcelPlas Labs Australia's Largest group of Geosynthetics Testing Labs.

<http://www.excelplas.com/>

GNA is currently sent to over 7500 Geosynthetic Industry Members Globally every week.

Any news requests should be sent to john@excelplas.com
