## The Leading Source of News and Information on Geosynthetics Worldwide

---

### **Aussie Smart Geotextile Startup Joins Global Incubator (Feature Article)**

<https://www.spatialsource.com.au/company-industry/australian-smart-materials-company-joins-global-incubator>

### **Ravan Capitalizes on the Growth Opportunities in the Geomembrane Market as a result of Strategic Acquisition of Colorado Lining International CLI (Breaking News)**

Sales growth and profit margin expansion continue as a result of market-share gains, enhancements to the division's geomembrane market capabilities

<https://www.fool.com/earnings/call-transcripts/2018/05/22/raven-industries-ravn-q1-2018-earnings-conference.aspx>

### **Hanes Geo Components Announces Acquisition of DDD Erosion Control (Breaking News)**

Hanes Geo Components is a market leader distributing geotextile and erosion control products through 40 North American distribution locations.

<https://foresternetwork.com/daily/hanes-geo-components-announces-acquisition-ddd-erosion-control/>

### **Tensor Officials Lobby in Washington for Increased Use of Geosynthetics**

<http://www.tensorcorp.com/Blog/2018/May/Tensor-Geosynthetic-Lobby-Day-Capitol-Hill-DC>

### **NZ Company Hiway Geostabilization (HGS) Seeking Soil Stabilization Technician for Role with Geosynthetic Confined Soil (GCS)**

<https://www.seek.co.nz/job/36287910>

### **Condition Assessment of Geomembrane-lined Tailings Management Facility (TMF) - Reducing Risk for Potential Surface and Groundwater Contamination**

<https://cloud.excelplas.com/index.php/s/FqPidWRSZ7wLoQO/download>

### **Geofabrics offers a range of Maccaferri Rockfall Protection and Snow Barriers**

<https://www.geofabrics.co/sites/default/files/brochures/Maccaferri%20OM%20Rockfall%20Protection%20and%20Snow%20Barriers%202016.pdf>

### **Field Measurements of Overlap Reductions for Two Reinforced Fabric-Encased Geosynthetic Clay Liners (GCLs)**

<http://www.nrcresearchpress.com/doi/abs/10.1139/cgj-2017-0375#.WwUY9VOFMQ8>

## **Hydrodynamic Performance of Coastal Geotube Embankment with and Without Gabion Boxes (New)**

[https://link.springer.com/chapter/10.1007%2F978-3-319-61648-3\\_15](https://link.springer.com/chapter/10.1007%2F978-3-319-61648-3_15)

## **Boyd Ramsey Particularly Notes the Exceptional Puncture Strength of Reinforced Geomenbranes as Compared to Thicker Unreinforced HDPE Geomembranes**

<https://geosyntheticismagazine.com/2018/04/01/a-next-gen-basin-liner-solution-for-the-u-s-army-corps-of-engineers/>

## **Study of Triaxial Behavior of Geotextile Reinforced Marginal Soil Without and With Cement Modification for Subgrade Construction of Pavements**

[http://www.ijera.com/papers/Vol8\\_issue5/Part-1/H0805014044.pdf](http://www.ijera.com/papers/Vol8_issue5/Part-1/H0805014044.pdf)

## **Free Copy of Indian Journal or Geosynthetics (2018) (IGS)**

<https://www.techfabindia.com/pdf/downloads/IJGGI-January-2018.pdf>

## **Seeking Project Engineer - Earthworks/Landfill - Position based in North Melbourne**

Salary up to A\$150K + super + car; Installation of GCL / LLDPE / GCD geosynthetic liners

<https://www.seek.com.au/job/36300591>

## **Formal Inspections at Landfill Site have Stopped**

State officials cited a "variety of circumstances" for the delay. Among them is the disruption in supplies of plastic and geosynthetic materials by manufacturers affected by Hurricane Harvey in 2017

<https://www.tennessean.com/story/news/investigations/2018/05/20/camden-tennessee-toxic-landfill-clean-up-environmental-waste-solutions/614694002/>

## **Coliban Water invite Interest for the Sale of Unused Geo-Fabric Material at Bendigo Water Reclamation Plant (WRP) located in Epsom, Victoria**

The contract involves the sale of unused geo-fabric material (rolls) which were delivered to the site in May 2017 but never used. There are 84 geo-fabric rolls of 6m x 180m (W x L).

Technical Enquiries: Lasantha MeddaKandage [Lasantha.Meddakandage@coliban.com.au](mailto:Lasantha.Meddakandage@coliban.com.au)

Contractual Enquiries: Paul Riley [paul.riley@coliban.com.au](mailto:paul.riley@coliban.com.au)

## **Innovation played a major part in Civilex's detailed submission and was demonstrated through alternative pavement design involving the use of high-strength geotextile**

Civilex has extensive experience with this product following the completion of the Mt Gellibrand Windfarm Project.

In addition to the value for money associated with the use of this product, the client was impressed with Civilex's expertise in constructing high-strength geotextile pavements.

**Stay Up to Date and Stay In Touch with the Latest Geosynthetic News by Signing Up for the GNA Newsletter**

<https://www.geosyntheticnews.com.au/subscribe/>

- GNA now has +30,000 views per month
- Articles published on GNA get thousands of views and are distributed widely through 3rd Party Affiliates
- GNA is now the most read source of Breaking News on Geosynthetics Worldwide
- Since GNA is published up to 12 times per month, no other source of Geosynthetic Industry News comes close to being as current and up-to-date
- In 2017 we have increased readership by 10,000+ through India, Africa and Asia
- Special Advertising Packages Available for Geosynthetic Manufacturers, Installers, and Service Providers.

### **ExcelPlas Geosynthetics Testing Expands Geosynthetic Testing Offerings**

ExcelPlas now performs more than 120 standard geosynthetic tests in accordance with relevant ASTM, GRI and ISO standards.

We have extensive experience with all types of geosynthetics - from geomembranes (HDPE, LLDPE, fPP), geotextiles to geonets, geogrids, geocomposites and geosynthetic clay liners (GCLs).

As a Nationally Accredited Testing Laboratory, our technicians, equipment and quality system are monitored regularly for proficiency and compliance assuring that you can count on quality results every time.

? Geosynthetic News Alerts - Your Global Source of Geosynthetic News and Technology. Current and Updated!

<http://www.geosyntheticnews.com.au>

Among GNA's objectives are:

- To promote and educate on the development of specifications and practices that help ensure the proper use of geosynthetics.
- To locate, interpret and disseminate new scientific research to manufacturers and users of geosynthetic materials.
- To enhance the knowledge and awareness of contemporary geosynthetic technologies amongst specifiers, users and installers.

? GNA – World's Leading Source of Breaking News on Geomembranes, Geotextiles and other Geosynthetics

**This Newsletter is brought to you by ExcelPlas Labs ? Australia's Largest group of Geosynthetics Testing Labs.**

<http://www.excelplas.com/>

GNA is currently sent to over 7500 Geosynthetic Industry Members Globally every week.

Any news requests should be sent to [john@excelplas.com](mailto:john@excelplas.com)
